

16-19 Admission Arrangements

Rossington All Saints Academy is an exciting prospect worth consideration for any potential post 16 student with the academy gaining a reputation as one of the fastest improving and most inclusive schools within the local area. We work hard to create a caring environment where every student is valued regardless of their own personal circumstances and where there is clearly an emphasis on achievement and success. Amongst our staff and students we have an abundance of energy, talent and enthusiasm and these qualities are reflected in our most recent academic successes where we surpassed all local and national targets, achieving record academic results for the tenth time in the last eleven years.

In addition to these successes, we occupy a £23 million state of the art facility that provides us with an environment in which the highest possible standards of learning and teaching can take place.

We also have fantastic links with local employers which give all the students a real flavour of enterprise and work related learning.

If you are interested in joining Rossington All Saints Academy's Sixth Form please follow the link below for more information.
