There are some very simple and practical steps you can take to support your child.

- Talk to them about their current educational attainment and estimated grades and encourage them to aim high (the skills shortages of the future will be in higher level jobs)
- Discuss where they want to be and research how to get there (lots of great resources in the Academy and on the internet)
- Use the links on the academy website [www.theallsaints.net](http://www.theallsaints.net)
- Encourage them to seek out the advice and experiences they need to help them achieve their goals
- Help them with the steps they need to take
