YOU SAID...	WE DID/WE ARE DOING...
<p>Form tutors having a bigger role to play in a pastoral capacity for example, the possibility of a parent's evenings with form tutors.</p>	<p>We have held a Form Tutor parents evening. Form tutors provided email addresses for parents/carers to contact them. Form tutors are also making positive phone calls home on a half termly cycle for students in their form.</p>
<p>Running more events in school with students and possibly community groups.</p>	<p>Christmas and Easter Services have been delivered in collaboration with members of St Luke's Church and students from Rossington All Saints Academy. Members of St Luke's Church have also delivered collective worship to students throughout the school year.</p> <p>The student council have organised bake sales, raffles, and tombola activities to raise money for comic relief, children in need and Christmas jumper day.</p> <p>Parents/carers, students and staff also made over 50 shoe boxes as part of the</p>

	<p>Samaritans shoe box appeal at Christmas.</p> <p>We hosted the summer showcase and Cinderella at Christmas. Both were opportunities for parents/carers to attend.</p>
<p>Students might not always feel comfortable in approaching staff with concerns or questions.</p>	<p>We have got a listening post in the atrium, where students can write down concerns/questions and post them. This is checked by a member of staff regularly.</p>
<p>Communicating with parents/carers can be developed further. Having regular letters/updates sent out would be helpful.</p>	<p>We are using my child at school app to send messages home to parents about events such as the comic relief bake sale, children in need etc... so that parents/carers have advance notice.</p> <p>We also send letters home after events held in school with information about the event and links for further information e.g., careers day and world book day to encourage discussion at home about these topics.</p>
<p>Communicating with parents/carers regularly for achievements and positive messages as well as behaviour incidents.</p>	<p>Positive conduct and above and beyond messages are sent home daily via my child at school app.</p>

	<p>Form tutors are also making positive phone calls home on a half termly cycle for students in their form.</p> <p>Students receive certificates and rewards that they take send home from PROUD Thursday, reading intervention, reading routes and many more.</p> <p>Students also can earn pledges. This is tracked in student planners, so that parents/carers can keep updated.</p>
More choice at lunch time for school dinners.	<p>We have recently brought back pasta pots at lunch times at to student's request.</p> <p>We have also installed two drinks machines where students can use tokens to purchase flavoured water.</p>
